All products are 0g trans fat

This is a list of competitive foods and beverages that meet The A-List/Nutrition Standards for Competitive Foods and Beverages in Massachusetts Public Schools.

A check in the HUSSC column or the GAD column indicates the food/beverage also meets those respective criteria. Products meeting the GAD criteria contain no more than 200mg of sodium per package or container.

This list is not reviewed or approved by USDA; products on this list are not approved or endorsed by USDA and all products may not meet the Gold Award of Distinction criteria.
